Issued pursuant to Section 82 of the

Hazardous Substances and New Organisms Act 1996

This certifies that:

## HSM Engineering Ltd

Contact details:

**434 Church Street East  
Penrose  
Auckland  
Tel 09 525 6003**

Has met the relevant requirements for fabrication of stationary containers per the design standards / codes and maximum capacities specified below, in accordance with clauses 94 and 95 of Schedule 8 of the Hazardous Substances (Dangerous Goods and Scheduled Toxic Substances) Transfer Notice 2004.

An audit of the above named stationary container fabricator was conducted on 2 December, 2010 in relation to the fabricator's documentation, library of standards, design drawings, structural checking procedures, stationary container designs, trade training qualifications, trade supervision, fabrication procedures, testing procedures, quality assurance and quality control.

Design Standards / Codes

**AS 1692**

**API 650**

Maximum Tank Capacities:

**150,000 L**

**250,000 L**

Conditions:

- 1 Unless surrendered or revoked, this certificate remains valid until the **22 December 2013** and may be renewed thereafter by an authorised test certifier, subject to the fabricator successfully completing a re-audit.
- 2 This certificate must be produced at the request of an enforcement officer appointed under the HSNO Act 1996.
- 3 The above fabricator is certified to manufacture specific approved designs of stationary containers as set out in the Stationary Container Systems Approved Design and Fabricators Register.

Date of Issue: 22 December 2010
